

CLOSURE PLAN [40 CFR §270.14(b)(13)]

Operations to identify and remove the remaining WMM at the OB/OD areas are ongoing. A Class 1 Permit Modification was approved by NMED on October 31, 2007. The modification allowed the Closure plan to be submitted in two parts. The first component of the Closure Plan was submitted to NMED June 27, 2008 and was entitled CLOSURE PLAN PHASE I WORK PLAN OB/OD UNIT HWMU and PARCEL 3 SWMUS and AOCs consists of a work plan to further characterize the OB/OD SWMUs and AOCs inside Parcel 3. After the investigation phase is complete, the Facility will submit the second component of the Closure Plan that addresses cleanup of the OB/OD and associated SWMUs and AOCs.
