RE: Draft Permit Renewal Submission

Dear Mr. Kieling:

The purpose of this letter is to submit the enclosed Draft Resource Conservation and Recovery Act (RCRA) Permit Renewal Submission, Fort Wingate Depot Activity (FWDA) RCRA Permit EPA ID No. NM6213820974 for your review. The Army is requesting approval of the submission in order to continue the environmental restoration activities at the FWDA. Cleanup activities are currently authorized by the RCRA permit issued in December 2005. Representatives of the U.S. Army Corps of Engineers and I have consulted with your staff during the last six months in drafting the submission. Mr. David Cobrain and Vicky Bacca were especially helpful in answering questions and clarifying instructions on preparing the submission. The Army is planning on publishing the public notice in the Gallup Independent the week of June 29, 2015. A public meeting will be held by the Army on July 23, 2015 to address any stakeholder comments. All comments received at the meeting or by other correspondence will be forwarded to your attention as requested by your staff.

If you have questions or require further information, please call me at (330) 358-7312.

Sincerely,
