RE: Access Notification for Parcel 5A, Fort Wingate Depot Activity, McKinley County, New Mexico

Dear Ms. Seoutewa:

The Department of the Army respectfully submits this notification of its intention to temporarily access Parcel 5A, which was part of Fort Wingate Depot Activity prior to being transferred to the Department of the Interior on August 3, 2017, as part of archaeological site updates taking place in the adjacent Parcel 4A. As part of these updates, three archaeological sites (LA36699, LA36711, and LA112032) may extend into Parcel 5A during field delineation, necessitating temporary access to fully horizontally delineate boundary of each site. The Army will be accessing Parcel 5A in accordance with the terms of the Letter of Transfer between the Army and DOI, and in compliance with Section 2829F (b) (2) *Access for Environmental Response Actions* of the National Defense Authorization Act enacted on December 23, 2016. The work will begin on March 11, 2019 and will be completed on that day. The Army is conducting the work to comply with the 2008 Programmatic Agreement (as amended), as well as Section 110 of the National Historic Preservation Act (as amended).

If you have questions or require further information, please contact Seth Sampson, USACE Archeologist at (501) 324-1049, Seth.Sampson@usace.army.mil or contact me at (505) 721-9770.
