**RE: EXTENSION REQUEST - RESPONSE TO NMED RESPONSE TO STATUS UPDATE  
CONCERNING FWDA NOVs AND ON-GOING REMEDIAL ACTIONS  
FORT WINGATE DEPOT ACTIVITY  
MCKINLEY COUNTY, NEW MEXICO  
EPA ID# NM6213820974  
HWB-FWDA-MISC**

Dear Mr. Ramsdell,

The New Mexico Environment Department (NMED) is in receipt of the U.S. Army (Army) Fort Wingate Depot Activity (Permittee) *Extension Request for the Response to the Response to Status Update Concerning FWDA NOVs [Notices of Violation] and On-going Remedial Actions* (Request), dated February 24, 2023.

The Request states a need for extra time to establish a schedule for submittal of the 19 past due documents listed in the table included in NMED's January 16, 2023 letter. The Request mistakenly refers to 15 outstanding documents; the number of outstanding documents remains at 19 because there are other outstanding documents that the Permittee failed to submit subsequent to the three NOVs (see attached Table). In addition, while the Permittee included their letter from 2019 with the Request their proposed submittal schedule in 2019 was not responsive. In addition, NMED is unaware of any issues that need to be resolved that would delay submittal of these documents; the LOQ/LOD issue is resolved.

NMED hereby grants the extension; the accelerated schedule for submittal of all 19 outstanding documents must be submitted to NMED no later than **April 25, 2023**, as requested.

Mr. Ramsdell
