RE: Fort Wingate Boundary Survey

Per our meetings on June 5 & 6, 2001, regarding the discussion of the west boundary of the Fort Wingate Ordnance existing fence line do not coincide for approximately a one mile portion of the west boundary. Currently, the existing fence now lies to the east of the monuments survey boundary.

We were told by the Bureau of Land Management, Cadastral Survey, that the set monumentation is the permanent and legal boundary. Since there was a consensus to replace existing fence line to follow the current existing fence line and cheaper to replace, we are agreeable.

Should there be any questions, please contact me at (520) 871-6402 or 6405.
Thank you.

Sincerely,

Alfred Dehiya, Director
Navajo Land Department

Dwight Hempel, Dept. of Interior
Sharlene Begay-Platero, Economic Dev./Nav. Nation
