2905 Rodeo Park Drive East, Building 1

Dear Mr. Kieling:

The purpose of this letter is to request an additional extension on the revision of the Interim Measures Facility-Wide Groundwater Monitoring Plan (GMP) for the Fort Wingate Army Depot (RCRA EPA ID No. NM6213820974). A draft GMP was submitted to the Navajo Nation and Pueblo of Zuni on Aug 2, 2012. The Zuni Pueblo and Navajo Nation require 60 days to review and comment. The Army requests an extension through October 15, 2012 in order to address comments, revise the document, and submit the Final GMP to the New Mexico Environment Department – Hazardous Waste Bureau.

If you have questions or require further information, please call me at (330) 358-7312.

Sincerely,

A handwritten signature in cursive script that reads "Mark Patterson".
