**RE: EXTENSION REQUEST APPROVAL FOR THE
FACILITY-WIDE GROUNDWATER MONITORING PLAN
FORT WINGATE DEPOT ACTIVITY
EPA ID# NM6213820974
FWDA-MISC**

Dear Messrs. Patterson and Smith:

The New Mexico Environment Department (NMED) received the Department of the Army's (Permittee) letter, dated August 22, 2012, and received on August 30, 2012 requesting a time extension for submittal of the *Interim Facility-Wide Ground Water Monitoring Plan* (Monitoring Plan). The Permittee requests the extension due to the need for additional time for addressing comments and revisions after tribal review is completed.

NMED hereby approves the extension for the submittal of the revised Monitoring Plan. The Permittee must submit the Monitoring Plan by October 15, 2012. The Permittee must conduct the fall 2012 sampling in accordance with the previously approved plan until NMED has approved the plan proposed for submittal in October 2012. As stated in the previous extensional approval, the Permittee must also include all information regarding installation of new monitoring wells.
