RE: Final Investigation and Remediation Work Plan
Parcel 18, Eastern Landfill
Revision 1
Fort Wingate Army Depot, New Mexico
EPA ID#NM62138209074
FWDA-11-004

Dear Mr. Kieling:

The Department of the Army's contractor, AMEC, will be submitting under separate cover the Final Investigation and Remediation Work Plan for Parcel 18, Eastern Landfill, and dated January 30, 2013. The Work Plan has been revised to address review comments provided by NMED-HWB in a disapproval letter dated December 10, 2012. NMED comments and FWDA responses are attached. For your convenience, all edits and modifications will be shown in redline-strike format. The redline-strike format and revised document includes a revision to Table 3-1 showing revised PCB remediation goals similar to those used on the recently approved HWMU Work Plan.

If you have questions or require further information, please contact me at 330-358-7312 or mark.c.patterson@us.army.mil.

Sincerely,

A handwritten signature in cursive script that reads "Mark Patterson".
