Dear Messrs. Patterson and Smith:

The New Mexico Environment Department (NMED) has received Fort Wingate Depot Activity's (the Permittee) letter requesting an extension of time for the submittal of the Work Plan for drilling wells and collecting soil samples at Parcel 23.

As required by NMED's August 19, 2014 letter, the original submittal date for the Work Plan was December 31, 2014. The Permittee is requesting an extension to submit the Work Plan by August 31, 2015. The Permittee states that they are "seeking an extension in time under Permit section I.M due to the additional time needed to respond to and clarify comments from NMED, and prepare the Work Plan." NMED hereby grants the extension request. The Work Plan must be submitted to NMED by **August 31, 2015**.
