RE: Extension Request for the Parcel 3 Well Replacement Installation, Fort Wingate Depot Activity, McKinley County, New Mexico. EPA# NM6213820974

Dear Mr. Shean:

The purpose of this letter is to request an extension for completing the field work and submitting the final report to the New Mexico Environment Department (NMED) for the above referenced project, from December 31, 2021, and March 31, 2022, respectively, to September 17, 2022 and March 2, 2023. The Army awarded a contract to complete this work on September 27, 2021, and the Contractor is preparing to begin field work under the NMED-approved Work Plan. However, given the season, the remote location of the work in Parcel 3, and the need to coordinate access with the on-going HWMU Closure field work in Parcel 3, the Contractor is planning to mobilize to the field in March 2022.

The Army is therefore seeking extension in time under RCRA Permit Section I.M., in order to complete the field work and associated report.

If you have questions or require further information, please contact me at George.h.cushman.civ@mail.mil, 703-455-3234 (Temporary Home Office, preferred) or 703-608-2245 (Mobile).

Sincerely,
