**RE: RESOLUTION OF NOTICE OF VIOLATION
FORT WINGATE DEPOT ACTIVITY
EPA ID# NM6213820974**

Dear Mr. Cruz:

On June 9, 2014, the New Mexico Environment Department (NMED) conducted a hazardous waste Compliance Evaluation Inspection at Fort Wingate Depot Activity (FWDA), located 8 miles east of Gallup, south of Interstate 40, Fort Wingate. Based on that inspection and review of information obtained, the NMED issued a Notice of Violation (NOV) dated January 28, 2015.

The NMED has reviewed your response dated March 13, 2015 to the NOV. Based on that review, the NMED has determined that the violations cited in the NOV have been adequately addressed and no further action relative to the NOV on the part of FWDA is required. Any action taken in response to this letter does not relieve your facility of its obligation to comply with any other applicable laws and regulations.
