RE: Extension Request, Revised, Final Northern Groundwater RCRA Facility Investigation Work Plan, Fort Wingate Depot Activity, EPA ID: NM6213820974, HWB-FWDA-15-001

Dear Mr. Kieling:

The purpose of this letter is to request an extension from March 31, 2016 for submission of the Revised, Final Northern Groundwater RCRA Facility Investigation Work Plan, Fort Wingate Depot Activity, as stated in your letter dated October 1, 2015. The Army is seeking an extension in time under Permit section I.M. due to additional time needed to seek resolution of comments from NMED in order to prepare the Revised, Final Work Plan. The preparation of this Work Plan is correspondingly dependent upon the resolution of the Dilution Attenuation Factors document submitted to NMED on January 30, 2016. The Army is requesting an extension for this Revised, Final RCRA Facility Investigation Work Plan submittal to August 30, 2016.

If you have questions or require further information, please call me at (330) 358-7312.

Sincerely,
