## SITE DESCRIPTION

This site has been converted to a parcel as a result of the new RCRA permit. The parcel includes the following sites: AOC- 53, Lake Knudson; AOC- 54, Building 311 (Standard Magazine); AOC- 55, Structure 506 (TNT Storage Barricade); AOC- 56, Structure 533 (Explosive Barricade); AOC- 86, Feature 15 on 1973 aerial photo (API- 5) in 1995 Archive Search Report.

The parcel covers 473 acres.

## CLEANUP/EXIT STRATEGY

No Further Action (NFA) is anticipated beyond completion of the RFA for all of the AOCs listed above. The RFA will be a supplemental effort performed in the RFI phase.

CTC assumptions include the performance of an RFA. The LTM phase will include closeout documentation to certify closure under the RCRA permit.
